Chocolate

IF YOU are a chocolate lover or know one, make sure you visit Chocōl-Art Shoppe.

■ By **JEFFARAH GIBSON**

CHOCOLATE has always been a pleasing and popular flavor and the Chocōl-Art Shoppe is gearing up for St Valentine's Day in a big way by offering a unique twist with their homemade creations.

If you are a chocolate lover or know one, put a visit here on your Valentine to do list.

Jenny Pierre Smith owner and pastry Chef at the Chocōl-Art Shoppe spoke with *Tribune Taste* and told us a little about their creations.

"We opened last year and we have added a few different flavors to the chocolate, we wanted to try something a little different," she said.

This included pairing chocolate with local flavours-tamarind, sugar apple, guava, and a popular flavor, Pina Colada.

"Adding the fruits to the chocolate was an idea that we just explored with. It came out very good and people seem to love it a lot," she said.

They are also considering adding other flavors such as sour sop, and dilly.

Their orders have definitely increased in preparation for the Valentine's day holiday.

"We have a great deal of persons who order with us throughout the year, and now we have had an increase in orders. Simply because people love the creativity we bring to the chocolates."

Chocolates have always been a popular Valentine's gift, well received, but this year consider a unique shape or flavor to add a twist to your "I love you token."

At the Chocōl-Art Shoppe you can either choose from the huge variety of chocolates that are already made, or you can make your own suggestions.

"People can come in and tell us what they want. They provide the idea and we provide the creativity," she said.

In the showcase there are chocolates made in the form of lips- an idea they received from a customer. Other custom shapes include little pink roses on a stick and teddy bears

Ladies, consider purchasing a tool box made of chocolate for the special man in your life.

Some men have been more creative in their proposals. "Some men take the edible chocolate box and put a wedding ring in it which I think is so creative.

Another guy wanted a box of roses and he wanted them to be in different colors and I thought that it was very creative too," Ms Smith said.
